NATIONAL SYMPOSIUM

on

"Heritage to Horizon: Harnessing Livestock and Poultry Genetic Diversity for Climate Resilience and Rural Prosperity"

&

XXIV Annual Convention

of

Society for Conservation of Domestic Animal Biodiversity

at

College of Veterinary Science,
Rajendranagar, Hyderabad, Telangana

16th – 17th March, 2027

Organized by

Department of Animal Genetics & Breeding,
College of Veterinary Science, Rajendranagar
P.V. Narsimha Rao Telangana Veterinary University,
Hyderabad-500030, Telangana, India
&
Society for Conservation of Domestic Animal Biodiversity
ICAR-NBAGR, Karnal

INVITATION

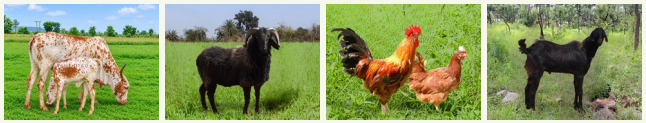
The Society

The Society for Conservation of Domestic Animal Biodiversity (SOCDAB) was established in the year 1998 at National Bureau of Animal Genetic Resources (NBAGR), Karnal, Haryana, India with an objective to create awareness among general public about domestic animal diversity and their conservation, undertake activities to foster sustainable management of domestic animals, judicious use of animal genetic resources and to promote research, education and development of domestic animals. The Society is publishing a research journal (Journal of Livestock Biodiversity) and organising National Symposium annually.

The Host

College of Veterinary Science, Rajendranagar established in 1946, as a constituent of Osmania University. Presently it is a part of P.V. Narsimha Rao Telangana Veterinary University, Hyderabad, Telangana which was established on 22.11.2014.

Telangana State is endowed with rich and diverse **Animal genetic resources (AnGR)**. It is the native breeding tract of **Poda Thurpu**, the first registered cattle breed of the State, and covers parts of the breeding tracts of **Deoni, Ongole** cattle and **Deccani** sheep, while **Rajasri**, a dual-purpose chicken variety and APAU Fawn and black rabbit varieties, were developed at Rajendranagar. Systematic **phenotypic and molecular characterization** of indigenous **goat, buffalo and cattle germplasm** of the State is in progress for documentation and assessment of genetic diversity of non-descript populations.



SCIENTIFIC PROGRAMME

The deliberations of the symposium will focus on the following topics:

Day 1 : March 16th, 2027

1. *Decoding Livestock and Poultry Diversity (AnGR Status, trends, Characterization, evaluation, inventorization, Conservation etc.)*
2. *Multi-Omics Profiling of Indigenous Livestock and Avian Lineages for Resilience and Productivity Enhancement (Molecular genetics, Genomic selection, genome editing tools, Biotechnological tools, Reproductive tools etc.)*

Day 2 : March 17th, 2027

3. *A Climate-Smart Approach for Enhancing Indigenous Livestock Resilience, Productivity and Rural Livelihoods (AnGR Management, Breeding, Nutrition, Value addition, Marketing, Social, Cultural, ecological issues and Rural livelihoods etc.)*
4. *A Multi-Sectorial Framework for the Conservation and Commercialization of AnGR (Policy frameworks, Governance etc. for conservation and use of AnGR)*

   Panel Discussion: *Integrating Gaushala Ecosystems into National AnGR Conservation & Policy Frameworks*
5. *Young Scientist Award*

Annual General Body Meeting of SOCDAB will be conducted on the evening of 16th March, 2027.

VENUE

University Auditorium
Professor Jayashankar Telangana Agricultural University,
Rajendranagar,
Hyderabad-500030, Telangana

CALL FOR RESEARCH ABSTRACTS

Research abstracts to be presented in the national seminar on the themes detailed. The full length papers / abstracts are to be submitted to the Organising Secretary on or before **15th February, 2027.** Full length papers should be limited to ten pages and abstracts to be limited to **300 words** typed in **12 font size (Times New Roman)** in **1.5 line spacing**. The name of the **presenting author** should be in **bold**. These should contain the objectives of the study, brief methodology, results and conclusion. Selected papers will be considered for oral presentation and the remaining will be allotted for poster presentation.

Papers or abstracts may be sent via email (**socdab2027@gmail.com**) as an attachment. Abstracts not in prescribed format will not be entertained.

RESEARCH AWARDS AND OPPORTUNITIES

Best Oral and Poster Presentation

To encourage research in the thematic areas among the researchers, society confers different awards to the participants. The first, second and third best oral and poster presentations in each technical session will be awarded.

SOCDAB Fellow Award (2027)

Society will invite the application on the prescribed format. Applications will be judged based on the score card for SOCDAB-FELLOW, being circulated separately by the society.

Young Scientist Award (2027)

To inspire the young researchers, SOCDAB has the 'Young Scientist Award'. Lead/First Author must be below 35 years of age (as on 01.01.2027) and life member of the Society. Full paper should be submitted with marked clearly as "For Young Scientist Award". Authorship is limited to two only and work presented should be unpublished from the thesis/research project of the scientist.

Kindly note that abstracts of all the research articles received in this category will be published in the Compendium of the Symposium, whereas, it will be mandatory to submit the full text articles to the Journal of Livestock Biodiversity being published by the society.

Dr. D. S. Balain Memorial Award (2027)

The Society shall award Dr. D. S. Balain Memorial for the Best Research Scientist in any Animal Sciences discipline. Applications for the award will be invited separately from the life-members of society. The awardee will be honoured with a citation and cash prize.

Prof. K.N. Sharma Memorial Award (2026-27)

The award will be given to the best research paper published in "Journal of Livestock Biodiversity "published by the Society (SOCDAB secretariat shall invite application separately)

National AnGR Quiz Competition

A national level quiz competition for undergraduate students of SVU/SAU will be held and prior to the National Quiz, four zonal quiz competitions will be held. The students will be quizzed on "Livestock Biodiversity of India and its Conservation." The zonal winners (team of 2 students + 1 mentor) shall be competing during the conference. Travel grant (Train fare AC-3tier) for the Zonal winners (students only) to attend the National Symposium 2027 will be provided by the SOCDAB.

HOST CITY HYDERABAD AT A GLANCE

Hyderabad, the capital of Telangana, is famous for its rich tourism attractions, arts and crafts, diverse cultural traditions and world-renowned Hyderabadi cuisine. The weather will be pleasant during the 2nd week of March with day time temperatures ranging from 35–37 °C and night temperatures between 21–24 °C, providing an ideal environment for conference activities and sight-seeing.

TRANSPORT & ACCOMMODATION

The College of Veterinary Science, Rajendranagar, is well connected to all major transport hubs in Hyderabad. It is located approximately 18 km from Rajiv Gandhi International Airport, 14 km from Nampally Railway Station, 20–22 km from Secunderabad Railway Station and 15 km from the MGBS Bus Station. Convenient taxi, cab and public transport services are available for easy access to the venue. Hence, the Organizing Committee suggests that delegates make their own transport arrangements to avoid inconvenience in waiting.

Paid accommodation will be provided in the University Guest Houses on first-come, first-served basis, subject to availability. Early registration and confirmation of participation are strongly recommended to ensure a smooth and comfortable experience. The registration fee, traveling expenses, and accommodation must be borne by the delegates attending the conference.
